- Mrs. Mootoo: - Did you hear any bombs on Monday?
- Witness: - I can't remember.
- Mrs. Mootoo: - Do you know the difference between a hand-grenade bomb explosion from that of a dynamite explosion? Do you know?
- Witness: - I do not know.
- Mrs. Mootoo: - The crowd that has passed you by had any explosives with them?
- Witness: - I do not know.
- Mrs. Mootoo: - When you heard bombs, did you see flames burning up in sky.
- Witness: - No. Because I ^{was} far away from the crowd to see what is the result of it.
- Mrs. Mootoo: - On Monday you said it was more violent? Can you tell me why?
- Witness: - Well, there were more work to be done, and there were more

30th November, 1964.

houses burning and there were more people to be rescued.

Mrs. Mootoo: - What was the atmosphere. Would you say that on Sunday the place was more peaceful, and Monday it was not so peaceful?

Witness: - I must say that none of the two days was peaceful.

Mrs. Mootoo: - The crowd you saw, were they rejoicing or glad of what was going on and were they laughing?

Witness: - I don't know what you mean by rejoicing.

Mrs. Mootoo: - Now do you feel that these people were rejoicing?

Witness: - Yes.

Mrs. Mootoo: - Why did you think they were happy on Monday?

Witness: - I do not know why they were happy.

Mrs. Mootoo: - From what you saw, do you think they had any feelings about anything at that time.

Witness: - I don't know.

Mrs. Mootoo: - Were they happy or sad?

Witness: - I don't know.

Mrs. Mootoo: - Were they laughing, or were they lecturing something?

Witness: - I don't know.

Mrs. Mootoo: - While you were on patrol, did anybody come to you and complain about somebody else?

Witness: - No.

Mrs. Mootoo: - Did you see a lot of P.Y.O. boys that day? They were supposed to be in that area at that time.

Witness: - I don't know any of them.

Mrs. Mootoo: - Do you have any feelings that these boys were around there?

Witness: - No.

Mrs. Mootoo: - Where are you living?

Witness: - At Christianburg.

Mrs. Mootoo: - How long you're living there?

Witness: - This is four years.

Mrs. Mootoo: - Do you know anybody? Have you seen strange faces?

Witness: - I don't know, because there was no time to look at faces.

Mrs. Mootoo: - On the 23rd of May, did you see any strange faces?

Witness: - I was not embodied at that time.

Mrs. Mootoo:

30th November, 1964.

- Mrs. Mootoo: - Do you know anybody when you came out?
- Witness: - No.
- Mrs. Mootoo: - Now, what education and qualifications you have? Have you been to school? Up to what standard?
- Witness: - Up to sixth standard.
- Mrs. Mootoo: - You sat school leaving?
- Witness: - Yes.
- Mrs. Mootoo: - You were successful?
- Witness: - Yes.
- Mrs. Mootoo: - So you are intelligent man.
- Witness: - I would say so.
- Mrs. Mootoo: - Yes, you are an intelligent man, and you don't know if they were new people around the place. You don't know the difference a person who is happy and a person who is sad?
- Witness: - No.
- Mrs. Mootoo: - You like art?
- Witness: - Yes, I like painting.
- Mrs. Mootoo: - What do you like to paint?
- Witness: - I like watching painting.
- Mrs. Mootoo: - What do you think, for instance, scenarios or you like the human form?
- Witness: - I don't like it.
- Mrs. Mootoo: - Do you like a dull or bright painting? You like a dull or bright day?
- Witness: - I like both two.
- Mrs. Mootoo: - If you like painting you must be very sensitive to everything around you, changes, in faces, changes in atmosphere and so. You must be looking at a very new painting. And you say you are not aware of anything and you say you are an intelligent man a grown man. You saw changes in atmosphere? You were not aware of the difference in atmosphere no changes in people's faces. You were not aware that they were new people in the area or so.
- Witness: - That is so.

30th November, 1966.

- Mrs. Mootoo: - That is very strange. Thank you very much.
- Dr. Drayton: - Sunday you said you were on patrol on the hill?
- Witness: - Sunday night.
- Dr. Drayton: - Silver City, half mile and one mile, did you see any fires on the hill around about 7 o'clock?
- Witness: - I can't remember.
- Dr. Drayton: - They were so numerous that you cannot remember?
- Witness: - I won't say they were numerous, about 3 or 4.
- Dr. Drayton: - From where you were up the hill, you couldn't get in touch with the Police Station?
- Witness: - No.
- Dr. Drayton: - Do you know Mr. Harris the drug store man?
- Witness: - No sir.
- Dr. Drayton: - You were living there for four years, didn't you know if he had a phone?
- Witness: - ~~No~~ Yes sir.
- Dr. Drayton: - Why didn't you go to make any inquiries?
- Witness: - We had to stay to guard the people.
- Dr. Drayton: - Do you know Mr. Jordan.
- Witness: - Yes sir.
- Dr. Drayton: - When did you see him?
- Witness: - I cannot remember.
- Dr. Drayton: - When last did you see Mr. Jordan in the area?
- Witness: - It is a long time.
- Dr. Drayton: - The area that you were patrolling was it Government Housing Scheme?
- Witness: - We didn't patrol the Housing Scheme until the Monday 7th.
- Dr. Drayton: - Did you know there was running water there?
- Witness: - Yes.
- Dr. Drayton: - Why didn't you make use of the water to fill your buckets and utensils?
- Witness: - In the area where we worked ~~previously~~ on the hills so we had to use the creek water.
- Dr. Drayton: - What other work do you do besides in the Police force?
- Witness: - I work at Demba.

30th November, 1964.

- Dr. Drayton: - Are you a member of the Constabulary?
- Witness: - No-sir.
- Dr. Drayton: - On the 24th May did you hear any rumour at your work place or at home?
- Witness: - No.
- Dr. Drayton: - Did you hear about the man who was beaten on the 23rd May?
- Witness: - No sir.
- Mr. Shepherd: - It was on Wednesday 27th that you put out three fires?
- Witness: - That is the Monday.
- Mr. Shepherd: - Did you know where the Senator was?
- Witness: - No sir.
- Lieutenant Keith Alexander Stuart-Wishart was sworn and states as follows:
- Counsel: - You are a Lieutenant by rank, and are stationed by Mac Kenzie?
- Witness: - I am in Georgetown.
- Counsel: - On the 23rd May, 1964 where were you stationed?
- Witness: - At MacKenzie.
- Counsel: - When did you cease being stationed at MacKenzie?
- Witness: - July 15th.
- Counsel: - Lieutenant on 25th May, 1964, were you embodied in *any* Company?
- Witness: - "D" Company.
- Counsel: - Would you kindly tell me what were your duties on 25th May?
- Witness: - Our duties were to disperse mobs who are behaving disorderly and setting fires.
- Counsel: - Is it true that on 25th May, 1964, you saw a man attempting to bomb the MacKenzie Police Station?
- Witness: - I didn't see at any time any man attempting to bomb any where.
- Counsel: - Is it true Lieutenant on the 15th July, you had to leave Wismar because your life was threatened?
- Witness: - My wife was threatened, and I received a transfer so I accepted it.
- Counsel: - On the 25th May did you have cause to discharge a gun at anyone?

Witness: - I did.

Counsel: - Will you kindly describe the circumstances?

Witness: - Slightly before 1600 hours on May 25th, Assistant Superintendent John Lashley asked me to accompany him with three volunteer privates on a patrol. We were patrolling ~~D'Aguilar's~~ Alley. As we were half way out of the alley we saw a lad of about 21 years of age, coming out of a small alley towards us. He had a lot of packages in his arms, Superintendent Lashley called out on him to come forward, which he did. We searched and he had in his possession what appeared to be illicit goods. Superintendent Lashley then started to question him. At that moment he broke and ran. Superintendent Lashley called him three times to stop, and when he did not stop, the Superintendent, myself and a volunteer private opened fire. He was hit in the alley way, but he continued running. We gave chase and found him on the top of a hill about 100 yards away. He was suffering from two gunshot wounds one in the region of his upper left arm and the other in the region of his lower back. We then took him to the Wismer Police Station which was about 50 yards from where we found him. He was taken across the river and then conveyed to the McKenzie Hospital.

Counsel: - Lieutenant, did you to your knowledge know anyone else who had fired on men who was attempting to bomb the Wismer Police Station?

Witness: - No sir.

Counsel: - That will be all.

Mr. P.N. Singh: - Lieutenant what was the nature of the threat that your wife received?

Witness: - Well, about 1615 hours on the 25th May 1964, a man who claimed to be the father of the lad who was shot, went up the stairs where I am living and rang the front door bell. When my wife answered it, he asked if Lieutenant Wismer was living here, He then said that Lieutenant

30th November, 1964.

Wishart had shot him and that I do not know whether he might have a gun in his possession now, he did not always always have it. He then advised my wife that I should have a gun in my possession at all times and he then left.

Mr. P.N. Singh: - How many rounds did you fire on this boy?

Witness: - Six rounds.

Mr. P.N. Singh: - Do you know how many Superintendent Lashley fired?

Witness: - I think it was three.

Mr. P.N. Singh: - And who was in your group?

Witness: - Private Nurse.

Mr. P.N. Singh: - How many rounds did he fire?

Witness: - Two.

Mr. P.N. Singh: - Did you know if any of these men, Superintendent Lashley and Nurse's families were threatened?

Witness: - Not as far as I know.

Mr. P.N. Singh: - Did you see any crowds on the road?

Witness: - I saw numerous groups on the road.

Mr. P.N. Singh: - About how many did you see in each crowd?

Witness: - About three dozen.

Mr. P.N. Singh: - What kind of crowd did you describe them as, peaceful rioters, disorderly, hostile?

Witness: - I would say the majority were unlookers.

Mr. P.N. Singh: - And the rest?

Witness: - Well in the crowd you may have three or four doing damage

Mr. P.N. Singh: - Like what?

Witness: - Well, I did not see them doing anything.

Mr. P.N. Singh: - So you are only assuming that. Were any people beaten in your presence?

Witness: - No.

Mr. P.N. Singh: - Were any people assaulted in any other way?

Witness: - Not in my presence.

Mr. P.N. Singh: - Did you see any house being set afire?

Witness: - I did not see houses being set afire.

Mr. P.N. Singh: - Did you know what has happened to the young man who was shot?

30th November, 1961.

- Witness: - The last time, I heard he was in the Georgetown hospital.
- Mr. P.N. Singh: - You did not know if any proceedings are being taken him?
- Witness: - I don't know.
- Dr. Drayton: - Is it a fact that the wounds which this lad received could have been inflicted from the shots being fired?
- Witness: - That is so.
- Dr. Drayton: - Why is it that you say in these crowds there were three or four people who were troublemakers?
- Witness: - That is what I heard.
- Dr. Drayton: - You actually saw crowds?
- Witness: - About three dozens.
- Dr. Drayton: - How would you describe these crowds that you saw?
- Witness: - Well, for instance, you would come upon a fire and see a crowd standing watching the fire.
- Dr. Drayton: - Doing nothing?
- Witness: - Yes.
- Dr. Drayton: - Were they jubilant?
- Witness: - They were impassive.
- Dr. Drayton: - Did you see anybody on the road during the time of your patrol on Sunday?
- Witness: - At the time I saw many others.
- Dr. Drayton: - So there are two or three different types of crowds. What were the characteristics of the crowd you saw standing watching the fires and those you saw while ascertaining people to the police station?
- Witness: - They were jeering the people when we were taking them to the police station.
- Dr. Drayton: - You must tell me how you will describe them. You described the crowd as being disorderly?
- Witness: - I won't say that the crowd was disorderly.
- Dr. Drayton: - Were they rioters?
- Witness: - The crowd I saw, they were not rioters.
- Dr. Drayton: - What is your job?

30th November, 1964.

- Witness: - I was working at the Singer Company at the time.
- Dr. Drayton: - How many years you were working in the Volunteer Force?
- Witness: - Two and a half years.
- Dr. Drayton: - You know the people in the area very well?
- Witness: - Only at Wismar,
- Dr. Drayton: - Are you friendly with all the types of people there?
- Witness: - Some in the Community.
- Dr. Drayton: - Lieutenant were you aware before the 24th of any possibility of this outbreak? On the 24th Sunday did you have any conversation with ^{Mr.} Langham?
- Witness: - Yes.
- Dr. Drayton: - Can you describe the nature of the conversation?
- Witness: - Yes. He said there was ^a possibility for all the men to be embodied but only twenty-four men were embodied.
- Dr. Drayton: - Twenty-four men in the Volunteer Force. Did he discuss that with you, or did he tell you that the entire force of "D" Company should be embodied?
- Witness: - No.
- Dr. Drayton: - Did he tell you why you came to this resolution to embody only twenty-four men?
- Witness: - No he didn't.
- Dr. Drayton: - And Lieutenant what he said to you, did you add to his statement or did you outline the situation of that Sunday morning?
- Witness: - I can't really remember.
- Dr. Drayton: - You don't remember, but this possibility he had assessed the situation, but a certain amount instead of the whole company was embodied? Did he tell you he had received the instructions at Georgetown?
- Witness: - He gave the whole of the Volunteers 1600 hours on Sunday.
- Dr. Drayton: - How long did this discussion last? *he did mention a Cavalry Sabre will discuss in afternoon but I can't remember with when*
- Witness: - Perhaps over half hour.
- Dr. Drayton: - And then you just went home.
- Witness: - Yes.
- Dr. Drayton: - Lieutenant as a person living in this area for two and a

30th November, 1964.

half years, how many men of the Volunteer Force were living in the Wismar side?

Witness: - I do not know.

Dr. Drayton: - What percentage of the company lives in Wismar?

Witness: - I do not know.

Dr. Drayton: - You were on duty Lieutenant for the whole of the Monday. And you were at Wismar on that day I mean you observe the whole situation. You have an awareness of what the situation was on that day?

Witness: - No. I didn't say the whole situation because I was not everywhere.

Witness: - There were one or two visitors.

Dr. Drayton: - ~~The~~ ^{of the} whole Volunteer force had been embodied on Sunday. Would you say this might have made the situation any different?

Witness: - It certainly would have helped in my opinion.

Dr. Drayton: - In what way it would have helped?

Witness: - It would have ^{not} prevented the outbreak on Monday.

~~Dr. Drayton: - I think so?~~

Witness: - ^{force} Though the Volunteer had been embodied they would not be enough men to cope with the situation.

~~Dr. Drayton: - But at any rate it would have been considerably reduced~~ ^{loss of} to save the lives and property.

Witness: - As a result there would have been less incidents.

Dr. Drayton: - Thank you. ^{from the P. Station near the shooting incident happened on the 25th}

Mr. MacDonald: - How far it would have been about a half mile on the 25th? ^{about a half mile}

Witness: - About that.

Mr. MacDonald: - Could you tell me please, how you were armed on the 25th?

Witness: - I had a sten gun, and a Superintendent Lashley a 38 revolver.

Mr. MacDonald: - Can a sten gun be set for single fire?

Witness: - Yes, it can.

Mr. MacDonald: - Was yours set for single fire?

Witness: - Yes it was.

Mr. MacDonald: - Were there any of these crowds near the vicinity?

30th November, 1964.

- Witness: - They were individuals.
- Mr. MacDonald: - I wonder if I can ask you that at that time, if you were fed up with the people at Wismar?
- Witness: - In what respect?
- Mr. MacDonald: - Things that were going on. Things that you have seen and what you have heard.
- Witness: - Well, I would say I had never seen anything like it before.
- Mr. MacDonald: - I can believe that. Thank you.
- Mrs. Mootoo: - What time did you fire this shot, at the looter?
- Witness: - It was about four or slightly after.
- Mrs. Mootoo: - How the people in the area reacted to this shooting?
- Witness: - As soon as we stopped firing, we did not remain in that area. At the police station I heard a few comments from the people.
- Mrs. Mootoo: - What comments?
- Witness: - *That would have to have been my uniform & I would not do the effects after the attack. I would not be allowed to remain by the area.*
- Mrs. Mootoo: - I see, Were these comments made to you only or at all the others as well?
- Witness: - I only heard comments about myself.
- Mrs. Mootoo: - When you fired did you feel that the crowds dispersed? Did they panic?
- Witness: - Which crowd?
- Mrs. Mootoo: - The crowds in the area.
- Witness: - There were only individuals.
- Mrs. Mootoo: - Did they run away? But when you were bringing this man to the Police Station did you find ~~any~~ of the people had run away, or were there still ~~crowds~~ *hanging around* the place?
- Witness: - They were a few individuals. There were no crowds but evacuees in the compound.
- Mrs. Mootoo: - Were there any crowds hanging around the Police Station?
- Witness: - We didn't allow crowds to gather around the station.
- Mrs. Mootoo: - From the hill to the Police Station you saw nobody hanging around anywhere?
- Witness: - I didn't see any crowds, I saw individuals.

30th November, 1964.

- Mrs. Mootoo: - From the hill to the Police Station?
- Witness: - Most individuals.
- Mrs. Mootoo: - So the whole place was deserted?
- Witness: - Yes.
- Mrs. Mootoo: You said when you were escorting these people, people were jeering at you or crowds were jeering at you. Why do you think they were jeering at you?
- Witness: - Really I can't say.
- Mrs. Mootoo: - What were they saying?
- Witness: - They were laughing.
- Mrs. Mootoo: - Were all laughing?
- Witness: - Well one or two individuals might laugh.
- Mrs. Mootoo: - Did they say anything?
- Witness: - Not that I can remember.
- Mrs. Mootoo: - Did the crowds, individuals as you say ever cooperate with you? Did the people ever point out to you that somebody was in need of rescue?
- Witness: - Not that I can remember.
- Mrs. Mootoo: - Thank you very much.
- Chairman: - Lieutenant on this day your tour of duty took you the whole of the Christianburg area?
- Witness: - I went up to Christianburg about half an hour. When I first went across the river there were twelve to fifteen people who wanted Volunteers to take them to their hokes to get their belongings.
- Chairman: - These people as you were escorting them, you were able to get a fair picture of what was happening?
- Witness: - To the best of my knowledge.
- Chairman: - After all the kind help given by the Volunteer Force and the Police would you be surprised that these people should say that they don't want the Volunteer force or the Police force, but the British army to protect them?
- Witness: - Yes I would be surprised.
- Mr. Shepherd: - What is your full name?
- Witness: - Keith Alexander Stuart Wishart.

30th November, 1964.

- Mr. Shepherd: - And you had been in the Volunteer Force since when?
- Witness: - Since October 1962.
- Mr. Shepherd: - Your orders were to put out any fires and to charge any persons who were committing any serious offences, and you couldn't apprehend them in any other way?
- Witness: - That's right.
- Mr. Shepherd: - You were carrying a sten gun or rifle?
- Witness: - Sten gun.
- Mr. Shepherd: - Your weapon was it loaded?
- Witness: - That's right.
- Mr. Shepherd: - By pulling the safety catch, could you have fired at any moment?
- Witness: - Yes sir.
- Mr. Shepherd: - Would it be likely that looting, rapings or fires would be done in the presence of your men?
- Witness: - Most likely.
- Mr. Shepherd: - Now, you explained to the Commission what you meant by crowds, and you said some were jeering and making mock, would it be right to open fire on the crowd?
- Witness: - You cannot just open fire right then, as an officer I assessed the situation, and did whatever I thought necessary - once the crowd is not doing anything wrong.
- Mr. Shepherd: - Jeering is not sufficient to open fire on the crowd?
- Witness: - No.
- Mr. Shepherd: - If you had told your men to open fire, would this have made the situation better?
- Witness: - The times worse.
- Mr. Shepherd: - I am in a position where I am appearing for both the Police ^{Force} and the ~~Volunteer Force~~ ~~the volunteer~~ but later on this may not be possible owing to the fact that from the evidence it would be better if someone else would appear for the volunteer force.
- Chairman: - When you make the application we shall consider it.
- Joseph Ramcharran being sworn and states as follows:
- Counsel: - Where did you live?
- Witness

Joseph Pacharran being sworn and states as follows:

Counsel: Where do you live?

Witness: 5 North Road.

Counsel: And you are a civil Servant?

Witness: Yes

Counsel: Are you presently attached to the Social Assistance Dept.,?

Witness: Yes I Am

Counsel: Can you say in particular, following the Wismar/Mackenzie disturbances, what assistance was given to persons, and how many evacuees were assisted?

Witness: First of all, when they arrived in Georgetown by boat they were taken up to the Ruinveldt bond, and they spend ten days there, where they were given free boarding and lodging. During these ten days efforts were made to get them placed either with families or friends and this was accomplished within that period. These persons were also given on leaving the bond, money grants and they receive assistance in the form of food vouchers monthly. Seven hundred and forty four families evacuated from that area, comprising of One thousand two hundred and forty nine adults, and Two thousand one hundred and fifty children, making a total of Three thousand three hundred and ninety nine individuals, who are now settled in various parts of the country. The money grants amounted to Sixteen thousand five hundred dollars and they are assisted monthly in the sum of Sixteen thousand one hundred dollars in the form of food vouchers. We had information on investigation from these people, by their own declaration, and also through information from the Police and the Local Authority at Christianburg. We have been able to ascertain that Two hundred and fifty five houses were completely destroyed, their estimated value of One million, four hundred and fifty seven thousand, eight hundred and ten dollars. Eight farms at six thousand five hundred dollars. Eighty seven business premises at a value of Four hundred and forty eight thousand, five hundred and forty dollars, the estimated value of life stock is Thirty thousand dollars making a value of property completely destroyed in the sum of

One million Nine hundred and forty two thousand, eight hundred and fifty dollars. The estimated property partly destroyed was twelve houses valued at Twelve thousand two hundred dollars, and twenty four business premises valued at Fifty six thousand, nine hundred and fifty dollars.

Counsel: You have a statement of the facts and figures, is there any objection to tendering this document?

No objection. Document tendered admitted and marked exhibit T.

Counsel. Was anything done by the Government to buy food for these persons?

Witness. Yes

Counsel. In what form?

Witness. Well, they were fed in the first ten days at the bond and they now receive monthly food vouchers for each family.

Counsel. Has anything been done to provide housing?

Witness. I would not be quite competent to say anything about that.

Counsel. Or lots?

Witness. I do know that there are housing lots which Government intend to build and that about Thirty families have gone to various Land Settlement Schemes.

Mrs. Mootoo. Do these people come to you for money, did you give them?

Witness. No, we don't give them money.

Mrs. Mootoo. But there is no money allowances give to these people now?

Witness. No.

Mrs. Mootoo. Did everyone of these people who were displaced come to you for food vouchers?

Witness. Yes

Mrs. Mootoo. You send it to everyone.

Witness. Yes

Mrs. Mootoo. As anybody ^{one} refused this food voucher.

Witness. Not to my knowledge.

Mrs. Mootoo. How much is this food voucher?

Witness. Every adult is given six dollars per month, and four dollars for one child.

Mrs. Mootoo. Every adult is given six dollars per month, and four dollars for one child so from this food voucher can they get clothing

out of it as well?

Witness. No only food, but more displaced persons were supplied with books for their children and clothing.

Mrs/ Mootoo. I see this figure you give, how did you arrive at this figure?

Witness. Well we have the figure to each of one of them.

Mrs/ Mootoo. You figure out all individually?

Witness. Yes.

Mrs. Mootoo. Can we have the list

Witness. I don't have it here.

Mrs. Mootoo. Do you have record of each family?

Witness. Yes we have every record of each person.

Mrs. Mootoo. We would like to have that record.

Witness. Do you wish to see one record, because it is being used at this time.

Mrs/ Mootoo. We just would like a copy of it.

Witness. Yes I am afraid I don't have it to give you now.

Mrs. Mootoo. We would like to have a look at it. Thank you very much.

Myrtle Richards.

Witness: Yes. The man went under the house and he threw the contents from the saucepan under the house. Then he lit the fire. I smelled gasoline and I called Mr. Rajattan saying somebody come to burn down the house. He went downstairs with a gun and when he saw him the man ran away.
