Part I
Thursday

26.11.64

CHAIRMAN: We will resume from where we left off yesterday with Mr. Pestus Adams.

MR. P. SINGH: Yes, Mr. Adams, let us go back to that question when Demba handed that engine to your authorities. Was that engine in working condition?

WITNESS: Yes.

MR. P. SINGH: From the time Demba handed that machine to your Authority have you ever used it?

WITNESS: Several times.

MR. P. SINGH: What caused it to go into disrepair?

WITNESS: It was a second hand engine. It was not in perfect working order.

MR. P. SINGH: You are suggesting then that Demba gave you a machine that was not in working order?

WITNESS: At the time it was given it was in perfect working order.

MR. P. SINGH: What caused it to go into a state of disrepair?

WITNESS: Well, the bearings were burnt.

MR. P. SINGH: Why?

WITNESS: I am not competent enough to answer that question.

MR. P. SINGH: It seems that the person who handled it was in the same position as you are.

WITNESS: Well if you think so.

MR. P. SINGH: Was it repaired?

WITNESS: Yes. It was repaired and returned to me in working condition and went down again. It never stood up.

MR. P. SINGH: What caused it to go this time?

WITNESS: The same bearings trouble.

MR. P. SINGH: Were any steps made to repair it?

WITNESS: It was taken to Demba.

MR. P. SINGH: When was it taken to Demba?

WITNESS: Last year.

/MR. P. SINGH:...

26.11.64

MR. P. SINGH: And so up to now, it has not been repaired and sent back to you?

WITNESS: No. They said it it a waste of time to repair it.

MR. P. SINGH: Have they worded that to you in writing?

WITNESS: No.

MR. P. SINGH: Did you suggest that you write a letter to the Government that a new engine be bought for it?

WITNESS: I wrote to Government asking that the Fire Chief Officer be sent up to have on the spot investigations and recommend it to the Local Authority.

MR. P. SINGH: It seems that you don't like to answer questions. Did you recommend it to the Government.

WITNESS: No, because I was advised that it was better to have a new unit that would suit the district.

MR. P. SINGH: Don't you know if action in that regard was taken?

WITNESS: No.

MR. P. SINGH: All right let us go back to this word you used - reprisal. You said you consider the Wisman affair an eye for an eye and a tooth for a tooth, meaning this - since the Indians were killing the Africans, the Africans will kill the Indians?

WITNESS: Yes.

MR. P. SINGH: In other words, to put it more clearly, since the supporters of the P.P.P. were killing the supporters of the P.N.C. well the P.N.C. would kill the P.P.P. Isn't that right?

WITNESS: It is human nature. Not necessarily the P.P.P. versus the P.N.C. it could happen to anybody.

MR. P. SINGH: Do you agree that this was a racial clash?

WITNESS: It was a clash whether racial or not.

MR. P. SINGH: Yes, arising out of the strike from the G.A.W.U., isn't that so?

WITNESS: Of course that is the concensus of opinion.

/MR. P. SINGH:...

26.11.64

MR. P. SINGH: Is that your opinion?

WITNESS: Yes, it was my opinion.

MR. P. SINGH: Now, is it also your opinion that the G.A.N.U. is an arm of the P.P.F.?

WITNESS: Yes.

MR. P. SINGH: Now, will you agree with me when you said a tooth for a tooth and an eye for an eye you meant that the P.P.F. would kill the P.N.C. You agree with me?

WITNESS: O.K.

MR. P. SINGH: Well in your opinion, in your remark to me, did you say it was started by the P.Y.O., you did say so?

WITNESS: I never said so, I said they were P.Y.O. in the district.

MR. SHREEDHAR: ~~According to my statement, it is said that the P.Y.O. started it. Do you agree with it?~~

MR. P. SINGH: Do you agree with it, you said you agreed with it, yet did you reconcile the statement with the one you made? And do you agree that it was started by the P.Y.O. boys?

WITNESS: I said it was started with the P.Y.O. boys.

MR. P.N. SINGH: You said that you agreed with that. How do you reconcile this statement?

WITNESS: Which two statements?

MR. P. SINGH: You know Mr. Adams, you quoted from the Bible yesterday. Do you know who was Ananias? I am suggesting to you that you were at Bacchus

Drug Store. *about 2 days before the disturbance.* *but I can't remember who he was. I can't remember*

WITNESS: Yes, I read of Ananias. *A man has his own opinion of thinking.* *He was in Harris's Drug Store. 2 days before the disturbance*

MR. P. SINGH: *How did this start? Was it 2 days before this* *violence started at Ismar? I am suggesting to you that you were one of* *my* the leaders.

WITNESS: No sir.

MR. P.N. SINGH: I am further suggesting to you that you were one of the men who pointed out the houses to be burnt.

/WITNESS:...

26.11.64

WITNESS: Positively no. *That is a very dangerous accusation Mr Singh. I know that is dangerous that is why I am making it.*

MR. P. SINGH: That is why you went for a walk. Wherever you stopped they were to burn.

WITNESS: No sir.

MR. P.N. SINGH: You said you spoke to Mr. Hobbs about the strength of the Police Force. You are the Chairman of the Council, are you not?

WITNESS: Yes.

MR. P. SINGH: Did you see after the interest of the area, and notified the Government that there was inadequacy of Police in the area?

WITNESS: Yes.

MR. P. SINGH: Who?

WITNESS: Mr. Nunes.

MR. P. SINGH: When? This year or last year?

WITNESS: Last year.

MR. P. SINGH: When was that?

WITNESS: I can't remember.

MR. P. SINGH: You have a very convenient memory. What part of this year?

WITNESS: Well the early months of this year.

MR. P. SINGH: What do you mean by this?

WITNESS: The month of January, February or March.

MR. P. SINGH: Oh, January, February or March.

WITNESS: Yes.

MR. P. SINGH: You anticipated trouble at Wismar?

WITNESS: Yes.

MR. P. SINGH: Then why did you not get in touch with the Government?

WITNESS: Because there was racial tension in the country.

MR. P. SINGH: Is that why you did not get in contact with the Government?

WITNESS: I said I spoke to them early in the year.

MR. P. SINGH: But then why you did not get in touch with the Police?

Do you think there were enough Policemen there.

WITNESS: I thought I did the right thing.

/MR. P.N. SINGH:...

26.11.64

MR. P. SINGH: Did you see any improvements? Did you speak to Mr. Hobbs about this trouble?

WITNESS: Yes. He said he would take the matter up.

MR. P. SINGH: You knew if he did?

WITNESS: I do not know if he did.

MR. P. SINGH: Did you see people in the streets?

WITNESS: Yes.

MR. P. SINGH: What were they doing?

WITNESS: Well they were just mobbing.

MR. P. SINGH: Did you speak to them concerning this mobbing?

WITNESS: Certainly I did.

MR. P. SINGH: Did they remove?

WITNESS: Some of them moved off.

MR. P. SINGH: Since you were a responsible person of the area, don't you think that you should see that all of the people moved off?

WITNESS: But some went away.

MR. P. SINGH: Can you say how many?

WITNESS: Well I did not check.

MR. P.N. SINGH: But don't you have any idea how many moved away?

WITNESS: I cannot tell you how many moved off.

MR. P. SINGH: You should have waited until everybody moved off.

WITNESS: I did the best I can. But they did not hear.

MR. P. SINGH: You said that you anticipated violence. Was it because of the death of the Sealey family.

WITNESS: Well it started after that.

MR. P. SINGH: When did you get news of the affairs?

WITNESS: I cannot remember.

MR. P. SINGH: When this violence started?

WITNESS: It was supposed to have started on Monday.

MR. P. SINGH: When did it start?

WITNESS: I learnt of it on Monday; I saw it through that period.

/MR. P. SINGH:...

26.11.64

MR. P. SINGH: Which period? Was it Friday, Saturday or Sunday?

WITNESS: I cannot remember. The tension started to build up, it was all along building up months before.

MR. P. SINGH: What did you do for the people?

WITNESS: The most I could have done was to talk to the people, encourage them not to do anything to get themselves jittery.

MR. P. SINGH: You are the father of Wismar and the most responsible person for Wismar?

WITNESS: I agree.

MR. P. SINGH: Why didn't you get Mr. Jordan or Mrs. Ramjattan to speak to the people?

WITNESS: Mrs. Ramjattan was not there at the time.

MR. P. SINGH: Why didn't you take steps to find out if she was in the district?

WITNESS: I didn't find it necessary.

MR. P. SINGH: You thought it would have exploded your plans which you have made?

WITNESS: I live at Mackenzie.

MR. P. SINGH: Your major interest was at Wismar where thousands of lives were in peril.

WITNESS: I am interested in both sides of the river.

MR. P. SINGH: Which one holds your greater interest?

WITNESS: I am not capable of answering your questions.

MR. P. SINGH: Do you belong to any Organisation *at Mackenzie*

WITNESS: Yes, the Parent/Teachers Association and a number of other organisations.

MR. P. SINGH: You were interested only in the thousands of lives that were in peril, or were you only thinking of earning your living?

WITNESS: I had to satisfy myself in both ways. Where lives are concerned it is very important.

/MR. P. SINGH:...

26.11.64

MR. P. SINGH: I did not ask you for a lecture on that. I am asking you which is more important. If you don't want to answer the question tell me.

WITNESS: Alright.

MR. P. SINGH: That is an excellent lip service. Which was more important, to get something to eat or locking over the lives at Wismar?

WITNESS: I had to satisfy myself at the time.

MR. P. SINGH: Are you suggesting that you couldn't get anything to eat at Wismar?

WITNESS: I should know myself. *about that*

MR. P. SINGH: Could you not have got some bread and cheese or something?

WITNESS: I could have got bread and ~~fish~~ *cheese*.

MR. P. SINGH: What was the anxiety to go back to Mackenzie?

WITNESS: To get something to eat.

MR. SINGH: While people were dying, while houses were being burnt, you saw fit to go to Mackenzie to have something to eat?

WITNESS: Well I went to the people who were suffering.

MR. SINGH: Did you feel happy?

WITNESS: No, I didn't feel happy.

MR. SINGH: You should have felt so?

WITNESS: No, after all I am human.

MR. P. SINGH: You are? You are a most unreliable witness and most untruthful.

DR. DRAYTON: About what time did you return home on Saturday night from Wismar? About seven?

WITNESS: Which Saturday night?

DR. DRAYTON: Saturday the 23rd.

WITNESS: About 9.30.

DR. DRAYTON: About 9 to 9.30?

WITNESS: About nine.

DR. DRAYTON: So you were in Wismar the Saturday evening?

WITNESS: Yes

/DR. DRAYTON;...

26.11.64

DR. DRAYTON: And you returned home about 9 o'clock? About 6.30 where were you?

WITNESS: That is very hard for me to say.

DR. DRAYTON: Did you go to Harris' Drug Store?

WITNESS: I can't remember.

DR. DRAYTON: You may have gone there?

WITNESS: I just can't remember.

DR. DRAYTON: Therefore there is a possibility while you were at Wismar that you did pay a visit to Harris' Drug Store?

WITNESS: I might have done so.

DR. DRAYTON: While you were at Wismar Saturday evening did you meet Mr. Jordan? Did you see him?

WITNESS: I can't remember him being in the district at that time.

DR. DRAYTON: Did you see him?

WITNESS: No.

DR. DRAYTON: Did you see Mr. Chalmers?

WITNESS: No.

DR. DRAYTON: Did you see Mr. Hobbs?

WITNESS: I saw Mr. Hobbs only in the day but not on Saturday evening.

DR. DRAYTON: Do you know Banga Mary?

WITNESS: Yes, I know the man.

DR. DRAYTON: Did you see him on the Saturday evening?

WITNESS: I can't remember seeing him.

DR. DRAYTON: So the only thing you could tell us is the Saturday evening you did visit Harris' Drug Store.

WITNESS: I might have.

DR. DRAYTON: Mr. Adams, when was it that you and Mr. Jordan talked to a crowd of people?

WITNESS: That was on his visit there; that was before this occurrence.

DR. DRAYTON: What date?

WITNESS: I can't remember.

/DR. DRAYTON:...

26.11.64

DR. DRAYTON: A month before, two weeks before, two months before? How long?

WITNESS: Maybe a month before.

DR. DRAYTON: What did you tell the crowd of people?

WITNESS: We told them that owing to this tension that was going on around in the colony we must try to prevent ourselves from getting into any mix-up; try to be as calm as possible.

DR. DRAYTON: Were there any East Indians in the crowd?

WITNESS: I can't remember.

DR. DRAYTON: Mr. Adams you told us that you were aware of the rising tension in the area and the possibility of something similar to what took place in 1963. Did you at any time call a meeting of the Village Council to discuss this important possibility?

WITNESS: Yes.

DR. DRAYTON: Did you keep any records of the Village Council meeting?

WITNESS: We keep records of the Village Council of what transpires at the meetings.

DR. DRAYTON: Minutes?

WITNESS: Yes.

DR. DRAYTON: And there would be minutes that you discussed the possibility of the rising tension?

WITNESS: No. There would not be any minutes on that score.

DR. DRAYTON: When you talked about it in the meeting what did you decide to do about it?

WITNESS: I asked the members of the Council to use their influence around the district.

DR. DRAYTON: Mr. Adams on May 25th when you were over at Wismar you said you spent three quarters of an hour walking around?

WITNESS: I spent some time walking around.

DR. DRAYTON: And you saw a crowd moving up and down? Were they peaceful?

WITNESS: No.

/DR. DRAYTON:...

26.11.64

DR. DRAYTON: Why? What gave you that impression of them not being peaceful?

WITNESS: Because of what was going on, because they were burning.

DR. DRAYTON: You saw burning?

WITNESS: I saw burning.

DR. DRAYTON: What was the crowd doing that made you assess or characterise these crowds as other than peaceful?

WITNESS: They were moving backwards and forwards.

DR. DRAYTON: Why is it that you thought it necessary to ask the people to disperse?

WITNESS: Because I saw buildings on fire.

DR. DRAYTON: Do you think that the people in the crowd set fire in Wisnar?

WITNESS: No.

DR. DRAYTON: So you don't connect the burning with the people in the crowd?

WITNESS: I didn't assess.

DR. DRAYTON: Did you or didn't you not?

WITNESS: No.

DR. DRAYTON: Therefore you didn't connect the crowds with these fires?

WITNESS: Because I saw the danger of people blocking the traffic.

DR. DRAYTON: You were simply concerned about their lives being saved from motor vehicles knocking them down? You must have connected in some way the crowds with arson, with deliberate setting of fires to houses?

WITNESS: I couldn't have assessed the crowd.

DR. DRAYTON: Before you went on your little walk around the district you went to the Police Station. You saw persons at the Station who were beaten, some of them half naked and some with blood streaming down their faces. They must have been beaten or something had to happen. You didn't actually see any violence but you saw the results of violence? You must connect them in some way. It must have entered your mind that the violence and that these crowds were in some way connected with the beating of the Indians.

WITNESS: No. I assumed there had been beating

/DR. DRAYTON:...

26.11.64

DR. DRAYTON: Were members of these crowds involved in the beating of Indians?

WITNESS: I won't say so.

DR. DRAYTON: But earlier you implied that the P.Y.O. had started it.

WITNESS: I said that I heard that the P.Y.O. were responsible.

DR. DRAYTON: What I am trying to get from you is this: After your walk did you realise that what you and your Village Councillors had dreaded - Africans beating Indians - that this had become a reality?

WITNESS: Yes, I became aware of this.

DR. DRAYTON: What did you then do? Remember that before these clashes started you were aware of rising tension and the possibility of such clashes.

WITNESS: I could have done nothing more.

DR. DRAYTON: Did you speak to anyone in the crowd.

WITNESS: I have already said so.

DR. DRAYTON: What did you tell them?

WITNESS: I told them to disperse and go to their homes.

DR. DRAYTON: Did you tell them to stop beating the Indians?

WITNESS: No, I saw nobody being beaten.

DR. DRAYTON: Alright Mr. Adams, we are getting nowhere. Thank you.

REV. McDONALD: Was it Moses Bhagwan to whom you were referring when you spoke of the Mosaic Law "eye for an eye and a tooth for a tooth"? Remember you said that the P.Y.O. had gone into the district.

WITNESS: No, I said that after it had occurred I said to myself that this was the Mosaic Law meaning the Old Moses.

REV. McDONALD: I was wondering because I do not think that the P.Y.O. would pay much attention to the Old Moses. Who was obeying this Mosaic Law?

WITNESS: (No answer)

REV. McDONALD: Who was falling in line with the Mosaic Law?

WITNESS: The people

REV. McDONALD: What people?

WITNESS: I can't say.

/REV. McDONALD:...

26.11.64

REV. MCDONALD: Who was being forced by this Law to create damage? Was it the people of Wismar in general?

WITNESS: I can't say.

REV. MCDONALD: But you were satisfied that there was somebody fitting himself to this Law? Was it the people in general?

WITNESS: Yes.

REV. MCDONALD: This was in relation to what was going on in the country generally?

WITNESS: Yes.

REV. MCDONALD: Were you satisfied that people had fitted themselves to the Law of Moses.

WITNESS: No, I was not satisfied.

REV. MCDONALD: I am glad. As father if the district this tension must have made your work and life very difficult?

WITNESS: Yes.

REV. MCDONALD: Would you say that your job has been easier during these past months?

WITNESS: Well, I wouldn't say so, it still remains the same. There has been no change. The job that I am doing remains the same.

REV. MCDONALD: Is the situation the same?

WITNESS: The situation in the area is calmer.

REV. MCDONALD: Is your work more difficult than it was before? Do you still collect all the rates that you collected previously?

WITNESS: No.

REV. MCDONALD: I understand that there was a number of property under the jurisdiction of the Local Authority that are not being used. Do you still collect rates for these?

WITNESS: No.

REV. MCDONALD: So the burden has fallen on the persons paying rates?

WITNESS: Well, it will eventually.

/REV. MCDONALD:...

26.11.64

REV. MCDONALD: I understand that you have relieved those people who have removed from Wismar/Christianburg from paying rates?

WITNESS: We wrote the Board asking that their rates and taxes be waived.

REV. MCDONALD: Is your Council taking action to rehabilitate the people who have removed from the area?

WITNESS: No. We cannot afford to do so.

REV. MCDONALD: I know, but surely there is a Central Government Board. Has there been any discussion in the Local Authority about it?

WITNESS: Not yet.

REV. MCDONALD: Will you?

WITNESS: We hope to do so.

REV. MCDONALD: I have been thinking about this connection between yourself and the Central Government Board in relation to the fire engine. Do you think that this had arisen after the disturbances last year?

WITNESS: It was before the disturbance.

REV. MCDONALD: Was it on March 2nd that you started writing?

WITNESS: Yes, it was due to a fire we had there. If we had a truck we could have saved the building.

REV. MCDONALD: It is too bad that you had't a fire engine working nearby.

Just one last question Mr. Adams, you said that at the moment you are a clerk at Demba. Do you mean that you have recently been employed?

WITNESS: No, I have been working for quite some time.

MRS. MOOTOO: Mr. Adams, you said that on Monday 25th you saw the Assistant District Commissioner and talked with him about the situation. You thought it was grave and you added that the situation had worsened. What made you think so?

WITNESS: Because of what was going on.

MRS. MOOTOO: What was going on? Did you see anybody ^{say} ~~raping~~ anybody?

WITNESS: No, I did not.

MRS. MOOTOO: What time was this?

WITNESS: About one o'clock.

/MRS. MOOTOO:

24/11/64.
Pt 1a11

Mrs. Mootoo. "What made you think that the situation had worsened."

Witness: "Because of fires that I saw. I saw a whole building collapse, after this fire."

Mrs. Mootoo; "You said about this eye for an eye and a tooth for a tooth. The situation was bad on the west coast, The people did it because they were human. So you felt the people were justified in doing this."

Witness: "No."

Mrs. Mootoo: "But you said it was human nature."

Witness: "No. It was human nature for them to do it."

Mrs. Mootoo: "You are a great believer in this quotation an eye for an eye and a tooth for a tooth! "

Witness: No I am not a believer in it."

Mrs. Mootoo: "Did you feel that the people at Wismar believe in it?"

Witness: "No."

Mrs. Mootoo: "Well if the people did that, well then they believed in it."

Witness: "No"

Mrs. Mootoo: "Well, what made them do it? There must be a reason."

Witness: " I don't know what they believed in."

Mrs. Mootoo: "But you said this quotation; I don't know about this; I am not a christian."

Witness; "It is in the bible."

Mrs. Mootoo: "Why did you connect this quotation with the disturbances?"

Witness: "It is logical."

Mrs. Mootoo: You use the example that if I cuff you, you would cuff me back.

Witness: No.

Mrs. Mootoo: Why do you lie, Mr. Adams? Where I come from the people do not lie."

Witness: That is very very strange
Mr. Mc. Donald: "You said you found this quotation in the bible. What part of the Bible?"

Witness: " I cannot remember."

Mr. Mc. Donald: "Is this your village motto," and eye for an eye and a tooth for a tooth?"

Witness: "I don't know." *I cannot remember*

Rev. Mc. Donald: This quotation can be found in Matthew 38-39, but you must not read only 38, you must also read 39."

Mr. R. Singh: "Thank you Mr. Adams."

Mr. Farnum: " If it pleases the commission Mr. Col. King isn't here, but Major Goodbody is here."

Julian Goodbody being duly sworn, states as follows:

Chairman; "You are Major of the First Battalion of the Devon and Dorset Regiment?"

Witness: " Yes Sir."

Chairman: Where were you stationed on the 25th May, 1964?

Rev: Mc

15
Witness: "I just arrived in Georgetown in the morning and moved in the country."

Chairman: "Were you in Georgetown at that time?"

Witness: "That's right"

Chairman: "You went to Mc Kensie at 4.30 on the 25th May?"

Witness: "On the 26th Tuesday Morning."

Chairman: "You and about 40 soldiers?"

Witness: "Yes Sir".

Chairman: "When you arrived you went to the McKensie Police Station and you discussed the situation of Wismar-Christianburg and Mc Kensie areas."

"You saw Mr. Neil Isaacs. Mr. Hobbs and Major ^{Major J. H. Coffin} Laughlin."

Witness: "Yes Sir."

Chairman: "When you went there you saw that Indians had moved from Wismar and had come to the Demba Trade School?"

Witness: "Yes Sir."

Chairman: "You were told that patrols from one of your platoons went the previous evening?"

Witness: "Yes Sir"

Chairman: "At 5.30 you went across the River with some soldiers. You walked rapidly along the main part of the river?" ^{Road}

Witness: "Yes Sir"

Chairman: "What incidents did you see?"

Witness: "I saw a number of houses which recently were burnt. Some were smoking and others were half burnt. The people I saw were mostly Africans. I did not see any Indians around."

Chairman: "At that time was there a curfew at Wismar?"

Witness: "There was not a curfew at that time."

Chairman: "For the rest of the day and some days later you patrolled the Wismar-Christianburg area?"

Witness: "That's right Sir."

Chairman: "Was anybody charged with larceny?"

Witness: "Well several charges were made. Some for larceny, looting, breaking curfew, interfering with soldiers at their work, and resisting arrest."

Chairman: "When was the curfew introduced at Wismar-Christianburg area?"

Witness: " It was practically introduced on the 7th."

Chairman: " And for how long did that continue?"

Witness: " From 7 in the evening to 5.30 in the morning."

Chairman: "And this was for about 3 nights." During this time you were assisted by the B.G. Volunteer force and the police."

Witness: "Yes Sir."

Chairman: "On the 6th July, there was a Chapman's Lanch incident and after that incident about five miles away, some violence erupted." How far was that?"

Witness: "North Mc Kenzie."

Chairman: "Was that at Cara-Cara District?"

Witness: "No North Mc Kenzie."

Julian Goodbody was sworn in and states as follows:

Chairman: "What was the main violence?"

Witness: "This was mainly a number of people who started to beat up and assault the Indians, who at that time had come back and were living at the North Mc Kenzie area."

Chairman: "Can you give us an estimate of the number of people who were beaten?"

Witness: "I cannot remember, but certainly about 3 or 4 deaths and about a dozen injured."

Chairman: "Was there any burning?"

Witness: "In the North Mc-Kenzie, I cannot remember any burning."

Chairman: "Do you know the area named Cara-Cara area? Can you say where the burning started?"

Witness: "I cannot remember where the burning took place, but there was burning at Cara-Cara during the whole period I was up there."

Chairman: "Were your men still stationed there?"

Witness: "No not my men" *as cases reported to you of Police or volunteers*
Shepherd: "Were your forces assisted by the Volunteer Force or by the Police?"

Witness: "I am not sure if there were beating and arson? Were you satisfied with the service of the Volunteer Force?"

Witness: "Yes."

Shepherd: "Have you anything but praise of the assistance of the Volunteer

Force

Witness: "I have no criticism they helped me in all respects."

Shepherd: "When you arrived at 4.30, you were met by assist. Commissioner Neil Issacs and the Lieutenant."

Witness: "Mr. Issacs met me at the stalling, He took me to the police station and gave me a rough idea of what was happening in the area."

Shepherd: "We have a map here; is this the map that was given to you?"

Witness: "No, this is something we prepared for ourselves."

Shepherd: "Mr Issacs had a map of his own in which you were able to survey the area."

Witness: "It was not such a good map, but it gave me an idea of what the area looked like."

Shepherd: "This map was prepared by your Company, and could you explain the meaning to the Commissioners of those markings, and what they represent."

Witness: I can explain the red crosses. They represent the burnt places; the green, the location of the Amerindians, and the blue represent ^{could} the Indian houses which were furnished or unfurnished.

Shepherd: "You have yourself, requested this map be produced here today. This is the only map that can assist because I feel this is the one you want."

Witness: This map was prepared by my ^{senior} junior member of my company and is certainly not the work of experts but it is good enough for our purpose.

Shepherd: How long were you personally stationed in the area?"

Witness: From the 26th May until 1st August.

Shepherd: "Were any ^{complaint} plans made personally by those Indians about contacting the police?"

Witness: Nobody come up to me.

P.M. Singh: "That time were you instructed to take over from Wismar?"

Witness: "I went up by boat, the Damba Company loaned us. The boat left Atkinson Field about midday.

Mr. P. N. Singh: "How long notice did your patrol get?"

Witness: " ^{My first Platoon.} ~~That~~ patrol was put at one hour's notice to move at about 11.30 hours on the 25th"

MR. SINGH: " Were those your first instructions?"

WITNESS: " That was the first I ever heard."

MR. SINGH: " The first ^{about} at McKenzie?"

WITNESS: " Yes"

MR. SINGH: " While you were at Mc Kenzie and Wismar was any report made to you of the loss of any fire arms?"

WITNESS: " I knew that during my time there that the B.G. V.F. lost a ~~machine~~ ^{machine} sten gun".

MR. SINGH. " Any report of a rifle or rifles?"

WITNESS: " Not that I can remember."

MR. SINGH: " What about small arms?"

WITNESS: " You mean pistols? Again I can't remember. Any losses from security forces.

MR. SINGH: " Can you remember when you got news of the loss of the sten gun?"

WITNESS: " 1st week in July"

MR. SINGH: " On your arrival there what did you see the volunteers and the police doing?"

WITNESS: " The police were very busy looking after and was trying to assist East Indians and were at the police station at Wismar and Mc Kenzie. ~~During~~ ^{the} time immediately after my arrival the police went to extensive exercise showing my patrol around the area".

MR. SINGH. " Did the police seem busy?"

WITNESS. " Certainly the police seemed extremely busy.

MR. SINGH. " You imagined that there were incidents of beating at northern Wismar?"

Who were being beaten and who were doing the beating?"

Africans who were beating some one in one case"

MR. SINGH. "What group did he belong?"

WITNESS: " East Indian"

MR. SINGH. " Now did you say that the report you received was that Africans were beating Indians?"

WITNESS: " I can't remember about any Africans being beaten up. Certainly no, I do remember I heard talking going on".

MR. SINGH: " What were the police doing?"

WITNESS: " I do remember that one African who was shot by the police for looting".

MR. SINGH. " Could you give me an average of the number of volunteers and police in the Wismar Side?"

MR. SHEPHERD: " Sir, We shall instruct the senior volunteers officers and police officers to be here. You may wish them to ascertain how many were there?"

WITNESS: " I think this is a different question to answer. We relieved the Mc Kenzie police station?"

MR. SINGH. " How many were there at the time? Did you get the impression that they were more on the Wismar side than McKenzie?"

WITNESS: " After I got in the area my troops were responsible to look after the Wismar side and the volunteers would be responsible for Kara and Rainbow City and Mc Kenzie."

MR. SINGH. " Thank you."

DR. DRAYTON. " You said that 11.30 on the 25th you were alerted and you sent your first platoon to the

area
The first Platoon did not arrive
until 5.30.

DR. DRAYTON. "What prevented them from going
earlier. You had to get ready?"

WITNESS. "Yes Sir"

DR. DRAYTON: "What was the reason for this de-
lay

Delay "As far as my people are concerned
there was a no delay in that. We weren't given the
Executive order to move until about 4. to 4.
30 that evening."

DR. DRAYTON. "From whom?"

WITNESS: From the Garrison Commander in
P.G. at the time. It was proper for the order

to come from him In this particular case I think *he probably*
I personally told the *commander of the Garrison* who imme-
diately got on to the *Platoon* Commanding Officer?"

DR. DRAYTON: "How were they taken up to Wismar
by plane?"

WITNESS: "They went up in a Dakota and they *some*
flew some volunteers up, *in the Jamba Otter.*

DR. DRAYTON. "How long have you been a soldier?"

WITNESS: "15 years"

DR. DRAYTON. "I am not asking about the co-
operation that was rendered to you by the volun-
teer forces, but can you make any comment with re-
gards to the discipline as an armed force after you
worked with them for some time?" Therefore you
must be able to give some kind of *criticism* posi-
tive or negative. I am talking about the disci-
pline. I am not talking about the co-operation.

WITNESS. "To begin with I think the Company
I saw was very well disciplined. Major Langham I *remember is*
extremely strict disciplinarian the men responded well
to the attack and the non-res-

pressed with the way they performed. They stood
performed very efficient and did exactly as they
were told. They didn't slack up smoking cigarettes
I would say that in my opinion they were a well
disciplined force".

DR. DRAYTON. "You confirm Major, that no allega-
was made to you by anyone during your stay at
Wessex against members of the Volunteer Force or
police in that they were involved in looting
and assisting in any crimes that took place on the

Monday
witness heard: can't remember anybody coming
to me.

DR. DRAYTON. Did you hear rumours about their
behaviour?

No I heard no such rumours but I read
allegations in the papers.

DR. DRAYTON: You heard no Indians talking of it?"

WITNESS: "The number of Indians that I spoke
to unfortunately was limited and we were busy evacuating
evacuating Indians and had no opportunity of talking to the
They may have been discussed by the people,
(Newspaper Comments) are usually discussed.
This is as far as I can say".

DR. DRAYTON. "Thank you"

MR McDONALD. "You are a Major of the Company? ^aCommander."

WITNESS: "Yes"

MR McDONALD. "WHICH Company?"

WITNESS: "C Company"

MR McDONALD. "You arrived on Sunday 24th at 12.00
how?"

WITNESS: "Yes I arrived by plane".

MR McDONALD. "How many Platoons are there in
are there?" "the Company"

WITNESS: "There are three".

VALD. " Where were the second and third platoons?"

WITNESS. " They stayed at Atkinson Field"

MR. MCDONALD. " They began moving to Georgetown on Monday?"

WITNESS: " Yes"

MR. MCDONALD. " At the time you would have been occupied with the 2nd and 3rd Platoons?"

WITNESS: " I was at Atkinson Field some time during the early part of the afternoon on Monday. Here I spoke to the commander. I was informed by him that he was happy because everything was ready for a quick move. I later left for Georgetown and on arrival I found that the other Platoon was on its way".

MR. MCDONALD. " Thank you"

MRS. MOOTOO: " How long did it take you to evacuate everybody from Wismar?"

WITNESS: " I can't honestly say. A lot of the evacuation had been done by the time I had arrived at about 4.00 in the morning. There was certainly a number of Indians under the Police Station when I arrived and these were evacuated within 24 to 48 hours".

MRS. MOOTOO: " Did you go about looking for persons hiding in the bushes?"

WITNESS: " I think it is right to say that one or two patrols found some Indians that had gone into the bushes".

MRS. MOOTOO. " So when did you finish evacuating everybody?"

WITNESS: " I can't honestly remember. All I can say is that the majority had been evacuated within forty-eight hours".

MRS. MOOTOO: " You took a few days?"

WITNESS: " One or two persons never left Mc.

MOOTOO: " I am talking about Wismar?"

" I should think that the majority

~~had been out~~ within forty eight hours. I can't re-
member in detail".

MOOTOO: " When did you find these people?"

" On arrival we saw one or two

~~people~~ *people* coming out as soon as they saw the River
Lunch passing. But I think that most of them
were evacuated within 24 to 48 hours.

MRS. MOOTOO. " Did anybody try to attack the
~~people~~ *people* while they were being rescued?"

WITNESS " Certainly not! Nobody tried
their luck with the soldiers".

MRS. MOOTOO: " Thank you"

Mr. P. SINGH. " Did you find any ammunition?

How many rounds?" *about 30 rounds of*

WITNESS: " I found 45 ~~rounds~~ of ammunition .
Not very much.

Mr. P. SINGH. " Were any found in containers?"

WITNESS. " I think the ammunition was in
a tin of some sort".

Mr. P. SINGH. " Any guns?"

WITNESS: " I cannot honestly remember. There
may have been one or two guns. The records may
prove me wrong on that.

Mr. P. SINGH. " Did anybody make a report to
you that there were unlawful machine guns
in the Wismar area?"

WITNESS. " Rumours of everything happened" *every sent was going about.*

Mr. P. SINGH. " Did you ascertain or find out who
was spreading these rumours?"

WITNESS. " We didn't have any information
of such. There was a wonderful rumour which had
us rushing out west from Wismar; when the rumours

was spreading that Indians were attacking the area with guns"

MR. P. SINGH. " What happened?

WITNESS: " Nothing happened"

MR. P. SINGH. " Can you remember when this was?"

WITNESS: " It was sometime during the early part of June.

MR. P. SINGH. " That was after the Indians were evacuated~~ing~~ from Wismar?"

WITNESS: " Yes, that was after the first week".

PROF. DRAYTON. " The bullets that were found, were they machine gun bullets?"

WITNESS: " Machine guns and rifles can fire ~~bullets~~ ^{they} bullets"

PROF. DRAYTON: " The bullets that were found, could they have been used in a machine gun?"

WITNESS: " If it was . 45 they could be used in a Thompson machine gun. It is an ancient weapon; it was used during the war"

PROF. DRAYTON. " I see. Thank you"

MR. SHEPHERD. " There is just one question I want to clear up. You have served in a number of different territories of war?"

WITNESS. " On emergency sir, not war"

MR. SHEPHERD. " Not war. We haven't had war for 20 years, only civil riots and such like. How many different territories?"

WITNESS. " For the last 2 or 3 years, none Sir. We have been in Cyprus and Belgian Congo".

MR. SHEPHERD: " Cyprus is gripped with cold war, but in Wismar you found ~~the~~ ^{that} rumour ~~that~~ got a grip on people more readily than in almost any area

that you can recollect".

WITNESS. " I cannot remember rumours spreading ^{the} ~~the~~ way before"

MR. SHEPHERD. " Now, You have heard rumours in the press of police standing by while looting, arson, and murders, were going on, possibly you heard this, which was quoted and uttered by no less a person than the minister of Home Affairs in the senate. Because it was widely ^{introduced as} ~~circulated~~ evidence before this commission, and has been mentioned more than once. The account of what took place at Wismar was shocking and revealing, armed police and volunteer force guards stood by as arson, rape and murder were committed and made no effort to intervene. You were there several days? How many were you there?"

WITNESS: "I was there until the 1st August sir for 12 weeks"

MR. SHEPHERD: " During the 12 weeks you were there did you ever discover anything by way of evidence or otherwise to justify that statement?"

WITNESS: "No Sir"

MR. SHEPHERD: " Now, we will come to the later event. You were there 12 weeks of course, so that covers the affair of the Sun Chapman. We come to events which succeeded the blowing up of the Sun Chapman. You said that there was some violence concerning the 3 Africans who they caught in the act of beating ~~other~~ Indians. Were you there?"

WITNESS: " No, it was reported to me"

MR. SHEPHERD: " And the three Africans are now awaiting trial"

WITNESS: " I certainly had to send three soldiers in the Magistrate Court in connection with this" MR. SHEPHERD: " It is in your knowledge. You can't be anywhere as an army Commander because it is your duty to report. It is only to your knowledge that an African was shot dead for looting?"

WITNESS: " Yes, of course"

MR. SHEPHERD: " And this shooting occurred when?" WITNESS: " Approximately?"

WITNESS: " I think it occurred on the night of last afternoon on Wednesday 27th. because I remember seeing his body lying there."

MR. SHEPHERD: " You think it was the 26th or 27th?"

WITNESS: " And he had been shot?"

MR. SHEPHERD: " You have told the commissioner, before that you saw the volunteers standing up to the strain pretty well?"

WITNESS: " Yes, I had"

MR. SHEPHERD: " Can you think of any other occasion where you saw instance of good discipline by any patrol?"

WITNESS: " I went down to the Cars-Cara area and they were doing pretty well there"

MR. SHEPHERD: " You saw any volunteer standing by as rape, arson, and murders were going on?"

WITNESS: " No sir".

MR. SHEPHERD: " From what you saw, the volunteers reported were the incidents true?"

WITNESS: " I think it is more unlikely to be true, knowing the people as I do now"

MR. SHEPHERD: " Thank you, no further questions "

MR. S. SINGH: " Did you say when you arrived there, the Lidias population surrendered themselves readily to the British Army?"

Assistant Superintendent Neil Tomes and taken to the Demba Trade School?"

WILKINS: " I went ^{with assistant} to the Commissioner ^{of Police} ~~at~~ Mc.
Kenzie ^{Dobie & I} " "

CHAIRMAN: " You went to the Police Headquarters and there you went in conference with the Commissioner?"

WILKINS: " That's right"

CHAIRMAN: " What was decided?"

WILKINS: " It would have taken me about a quarter of an hour to get there. When we got there, the army was working under the control of the police. I was required to get as many ^{of my} people into the Wismar - ~~McKenzie~~ area as quickly as possible"

CHAIRMAN: " You said people; who do you mean?
You mean?"

WILKINS: " Yes. and about 6.30 I had as much ^{my} ~~as~~ ^{cut in} ~~the~~ area. I dispatched 5 of my patrols, 3 went to ^{Christiansburg} and the other two ^{stayed} at Mc.
Kenzie"

CHAIRMAN: " Where was the most troubled area?"

WILKINS: " The Wismar area, Silver City"

CHAIRMAN: " You went over there with your men?"

WILKINS: " I decided not to sir, I didn't know the area and there was no way of contacting the Commissioner if anything went wrong. I kept a small reserve of seven people at the Demba Trade School, where I had a set up a temporary ^{head} quarters"

CHAIRMAN: " Did you come over to the Wismar area?"

WILKINS: " No. My patrol came back around mid-

night, I was waiting for their report, and in fact I heard from them".

Chain: "Did you see anybody doing anything?"

Witness: "If you went over the next day, did you see

any person committing larceny or looting?"

Witness: "There were certainly many cases of

persons which my company went with my patrol leader had reported

Shepherd: "I don't think I have your full name?"

Witness: "Darryl Gordon Thomas"

Shepherd: "You commanded the First Platoon

C Company?"

Witness: "Yes"

MR. SHEPHERD: "You flew out from the United Kingdom on Friday 22nd or Saturday 23rd?"

Witness: "On Saturday 23rd"

Shepherd: "You arrived in British Guiana on the 24th and your Platoon was stationed at Atkinson Field?"

Witness: "I was going to move to Diamond, but as the McKenzie situation worsened, we took off from Atkinson Field to Mc Kenzie"

MR. SHEPHERD: "How many hours had you been in the country?"

Witness: "About 24 hours!"

MR. SHEPHERD: "When you arrived in the country did you have any time to unpack?"

WITNESS: "No"

MR. SHEPHERD: "How ^{large} much is your platoon?"

WITNESS: "Approximately 27, with one Sergeant"

MR. SHEPHERD: "These men took off in 2 Air Crafts on Monday 25th at 5 p.m. arriving within half an hour at Mc Kenzie. How were you transported from the air strip at McKenzie."

Witness: I came in a Police land rover and the Platoon in a boat straight to Mc Kenzie.

Shephard: How many N.C.O.'S.

Witness: I had a total of five, one Sergeant and four Corporals *4 lance Corporals*

Shephard: How ~~many~~ ^{many platoons} did you send over to the West Bank?

Witness: Three. And two on the East Bank.

Shephard: You were met by Issacs the Commissioner and one of the first things he told you was to show your men around Wismar area in order to quiet things down.

Witness: Yes Sir.

Shephard: "Were you ^{Qatified} convinced with this arrangement?"

Witness: I couldn't remember. *Yes*

Shephard: I want to get a clear picture. You say you were under the command of the police.

Witness: I was ^{under the} receiving orders ^{of the} myself ~~from an~~ N.C.O. and in fact the police men went as guides and we had no maps that was the only ^{the W do} ~~form of~~ plan that I had asked the commissioner of police for guides if I remember right. Consequently, I asked the assistant commissioner for a guide and these he gave.

Shephard: So you went personally the next day which is a Tuesday to Wismar?

Witness: Yes Sir.

Shephard: This was your first visit to Wismar; and what did you see when you arrived there?

Witness: I made a note in my diary ^{the place looked} that the fact was that it was ~~just to guard a large number of cases of arson.~~ *as if it had been hit by a bomb. these were*

Shephard: What do you mean by that; setting fire to houses maliciously,? what do you mean by cases of arson. Houses still burning or persons setting fires to houses?

What do you mean?

Witness: Houses were burning; one or two others were smouldering.

Shephard: Did you see ^{any crowds} ~~and was~~ there rioting?

Witness: There were no rioting and there were no crowds.

Shephard: Was there any looting?

Witness: No: But when my platoon came at 6.15 the evening before there was a large crowd. *at the police station*

Shephard: Was it an angry crowd. Did you see hostile crowds on the 26th, the Tuesday?

Witness: No Sir.

Shephard: Was everything quiet except that ^{there} ~~they~~ were crowds of people? And how long did you and your platoon remain in the area. When did you leave?

Witness: We left on the Saturday following.

Shephard: For how long did you stay.

Witness: For approximately one week.

Shephard: Were you relieved by another platoon?

Witness: No sir. The rest of the company had joined us during that week, Major Goodbody and No. 7 platoon arrived at 4. o'clock on the 26th and another platoon No. 8. arrived two days later.

Shephard: "How long did you personally stay?"

Witness: "For five days."

Shephard: "Did you return?"

Witness: "The following day, there was a strike at Demba."

Shephard: "And did you take your platoon with you and return the next day?"

Witness: "Yes I did Sir."

Shephard: "And you returned Sunday the 31st. Why did you return."

Witness: Because there was a strike at Demba and that they needed a platoon.

Shephard: And you remained until August 3rd and you remained in the area until the Sun Chapman was sunk.

Witness: Yes Sir.

P.N. Singh: When did you actually find out about the Wismar incident?

Witness: I should say half hour before my platoon was placed at an hour's notice.

Chairman: ^{P.N. Singh} That was about 11. o'clock.

Witness: I heard that this sort of thing was going on.

P.N. Singh: Did it come to your attention while you were at Wismar Mc Kenzie area that any fire arms were lost by the security forces?

Witness: Yes Sir. But I couldn't remember the date. The British ^{Volunteer} force lost a sterling ^{or} sten gun.

Singh: These crowds you kept referring to on the 25th, what kind of people were they?

Witness: They were african people and they certainly struck me as ^{just} the people ^{who} who have just gathered together to enquire what was going on.

Singh: On t e 25 or 26 when you went over ^{to} ~~were~~ ^{the crowds} the only occasion you talked about what was going on.

Witness: There was one or two fires and there was a bucket brigade.

Singh: What kind of people?

Witness: Again African people.

Singh: ~~Did you see any Indians on the 25th?~~

Witness: I can't remember how many but in all two of the police stations and I remember my platoon brought some in the police station.

Singh: Now was there any report to you about any finding of ammunition?

Witness: No there was no report to me.

Singh: ^{do} Whom did you hear form of the Wismar troubles ^{when} before you arrived?

Witness: The Assistant Commissioner of Police, Mr Issacs.

Singh: What did he say?

Witness: "I can't remember exactly. He told me what had been going on in the area. He told me that among the african population there were certain elements in the Wismar and Silver Town and Silver City who were burning the houses of the East Indians and also that there were on ^{or} two cases of people being beaten. An East Indian girl was raped although I don't remember the details of that. So he told me in fact that definite attack against the East Indian population was going on." ^{that was}

Singh: What did you gather was the reason your troops went to Wismar?

Witness: "To bring some stability to the area."

Commander Thomas (Sworn)

- P.N. Singh - "You said to bring stability?
"Would you say that the force of law and
as possible would give prestige to the force
of law and order?"
- Witness: - "Yes"
- P.N. Singh - "Of course there were already the Police and
Volunteers on the road."
- Witness - "Yes", but they were short in number."
- P.N. Singh - "Were any reports made to you or did any in-
formation reach you that certain members
of the Volunteer force were involved in
the looting?"
- Witness - "I heard rumours, but quite honestly I can't
say because there were many rumours."
- P.N. Singh - "But you did hear rumours?"
- Witness - "Yes"
- P.N. Singh - "Now besides being instructed by the
Commissioner of Police to have your men
ready as early as possible, did he tell you
what to do?"
- Witness - "I cannot remember if he said in words what
I should do. I think it was fairly obvious
that our task was to keep the peace."
- P.N. Singh - "He gave you no orders?"
- Witness - "I guess he did, but I cannot remember."
- P.N. Singh - "What did he tell you? He did not actually
tell you to keep the peace?"
- Witness - "That is my duty, I do not have to be told."
- P.N. Singh - "I knew, but that is the impression you got?"
- Witness - "Yes"

WITNESS: " I can't remember"

MR.P.SINGH. " Did you not say a few minutes ago that on the morning of the 26th May, you knew that the Army was in full control?"

WITNESS: " I said I knew that, when Major Goodbody gave the orders to the Platoon Commander"

MR.P.SINGH. " Who was the Commander?"

WITNESS: " I am one of the commanders. The other one has left the colony".

MR.P.SINGH. " What day did you receive orders?"

WITNESS: " On the 26th"

MR.P.SINGH: " Morning or afternoon?"

WITNESS. " I can't remember"

MR.P.SINGH. " How many men are in the Patrol?"

WITNESS: " Fifteen", 5 are N.C.O and 5 men,

DR.DRAYTON. " When you got to Mc Kenzie was there any disturbances?"

WITNESS: " I do not believe that I saw any disturbances in the ^{Mc Kenzie} area. I can't remember seeing fires in the area, but I had been told that there were disturbances, and that is why I sent two patrols ^{to that side of the river}"

DR.DRAYTON. " Why did you keep the more experienced patrols in Mc. Kenzie when you knew that most of the trouble was at Wismar?"

WITNESS. " I can't remember saying so"

DR. DRAYTON." I am sorry".

" You sent the most experienced men to Wismar? Why did you not go?"

WITNESS: " If I went to the Wismar area it would have been difficult for my senior officers to contact me. I had the Reserve troops in the area to deal with any situation if it got out of

hand"

DR. DRAYTON. " While you were up there did you work very closely with the B.G. Volunteer force?"

WITNESS: " No I worked directly under the Assistant Commissioner of Police"

PROF. DRAYTON, * " When you got to know the volunteers, you worked with them?"

WITNESS: "Later on"

PROF. DRAYTON. " What was your impression of the B.G. volunteers as an armed unit?"

WITNESS: " I compare it very favourably with our unit" *our territorial unit*

PROF. DRAYTON. " In co-operation?" *Preparation*

WITNESS: " Yes, not too bad at all. They operated with us on 1 or 2 operations *on one of the occasions* and that was the occasions we did a search *in* on the Christianburg area and they did very well indeed"

PROF. DRAYTON. " Thank you"

MRS. MOOTOO: " Did you find any bombs or dyamite in the area?"

WITNESS: " No"

MRS. MOOTOO: " Did you hear any explosions while you were there?"

WITNESS: "Are you talking about the night of the 25, 26th,? If so I didn't"

MRS. MOOTOO: "You would be able to distinguish between between fires caused by bombs and fires caused by dyamites?"

WITNESS: " Personally, I would not be able to do so.

would be read when this one has not a due that has in
REV. MCDONALD. " ~~Within~~ one hour of receiving the order *to* ~~to remove.~~ ~~Would you be prepared to move?~~"

WITNESS: " Yes"

CHAIRMAN: " Yes, Mr. Shepherd"

MR.SHEPHERD: " In reply to Mr.P.N.Singh, you said that you understood that your ^{performance} ~~performance~~ in sending troops to Wismar was to bring stability to the area?"

WITNESS: " Yes"

MR.SHEPHERD: " Was it in your opinion frankly that the troops brought some stability to the area?"

WITNESS: " No. The reason being that you did'nt know enough people there. This situation was the sort of situation ⁱⁿ which you could have lost a complete company ^{steps}. Why did you say so?"

WITNESS: "Because the arsonists are very careful indeed not to be caught and they made very obvious efforts to make sure that the search-^{Security} ing force were out of the way, before they did any thing, and generally speaking that particular week, ^{not this is when} ~~different other~~ things happened.

MR.SHEPHERD: " How about the terrain?"

WITNESS: "It made it a little more difficult. If we had maps we would have been able to move around ^{more} quickly "

MR.SHEPHERD: " Describe the area, was it hilly or flat?"

WITNESS: " Approximately 300 yards off from the river, there was a steep escarpment. Most of the activity was centered on the area between the escarpment and ^{the river.} ~~that area~~"

On the evening of the 25th 26th most of the activity was concentrated between the river ~~itself~~ and ^{the hill in} that flat area. ^{Most of the burning were} ~~There were the collection~~ several houses at Silver town, Silver Cnty and Wismar / Christianburg.

MR.SHEPHERD. " Do you mean that they found a terrain which assisted them in getting on with their job?"

WITNESS: "I think so"

MR. SHEPHERD: "Will you explain?"

WITNESS: "It would have been easier for the military to move around unnoticed providing we had covered the area fairly well"

MR. SHEPHERD: "The arsonists ^{over were} being seen by you?"

WITNESS: "We would not have been ^{able} made to know they were arsonists, unless they were seen on the act".

MR. SHEPHERD: "It is no part of the duty of forces to open fire on crowds standing doing nothing. When do you open fire?"

WITNESS: "We open fire if there is a danger to ourselves, to our weapons, to the people, and places we are guarding. In this case we would be responsible for looking after the whole of the McKenzie and Wismar ^{areas} sites. If we saw anybody lighting a fire and we could not have stopped him in any other way, we would have shot him"

MR. SHEPHERD: "If anyone was going to ^{commit} kill, murder and he had been resisting?"

WITNESS: "We would have opened fire if we could not have stopped him in any other way".

MR. SHEPHERD: "But it is not your duty to open fire on a crowd standing by doing nothing?"

WITNESS: "No Sir"

MR. SHEPHERD: "You may have seen that they were starting a fire or encouraging others to start a fire. Would this have been justified?"

WITNESS: "Certainly not Sir"

MR. SHEPHERD: "I would like you to qualify your statement that the arsonists would not have been seen?"

WITNESS: "The reason being that there was so many fires and nobody was caught"

MR. SHEPHERD: " You may have heard rumours that the volunteers were taking the side of the rioters either assisting them, taking advantage, or encouraging them. You may have heard rumours. Did you hear any rumours?"

WITNESS: " I do not know whether I heard them. I certainly read them in the papers.

MR. SHEPHERD. " We will come to that, and unfortunately people will recollect on what they read in the papers rather than what they are told.

MR. P. N. SINGH. " Just one more question" You said that these people were burning and that they were not being caught. Would you say this was planned?"

WITNESS: " I would not say that it was planned"

MRS. MOOTOO: " You said that you found it difficult because you had no maps and you did not know the location of the area. Do you think that the Volunteers could have saved the houses since they knew the location better?"

WITNESS: " No I do not think so, because the houses were on fire and no one could have saved them?"

MRS. MOOTOO: " But since they knew the area more than you and your men, could they not have saved the houses from being burnt?"

WITNESS: " No one could have saved them"

MRS. MOOTOO: " Thank you very much"

MR. CARTER. " At this stage were you equipped with helicopters?"

WITNESS: " There were no helicopters"

CHAIRMAN: " Mr. Thomas did you have field glasses?"

WITNESS: " Yes"

If you had-149th class 1 you were on the 14.

CHAIRMAN: " And you were looking towards the spot where these houses. ~~Were they being burnt?~~ ^{Could you have seen the houses?}"

WITNESS: " Yes" "

CHAIRMAN: " Could the crowd have seen you?"

WITNESS: " Yes, there was a possibility"

CHAIRMAN: " Thank you Lieutenant Thomas"

"You are excused "

SULTAN SATTAUR being duly sworn, states as follows:

CHAIRMAN: " Your present address is Plantation Enmore, East Coast, Demerara?"

WITNESS: " Yes Sir"

CHAIRMAN: " Are you employed?"

WITNESS: " Yes, with the People's Progressive Party as an Elections Officer".

CHAIRMAN: " You used to live at Wismar"

WITNESS: " Yes Sir"

CHAIRMAN: " You were operator at ^{Demerara} ~~Demer~~ Bauxite Company?"

WITNESS: " Yes Sir"

CHAIRMAN: " Around 11th May, 1964, you heard anything at Wismar?"

WITNESS: " Bombing and burning. Two houses were being burnt".

CHAIRMAN: " Did they threaten you? What did they say to you?"

WITNESS: " We would burst your coollie ^R ~~race~~.

^{This was} Normally ^{with} ~~the~~ people were on the road"

CHAIRMAN: " Were they all negroes?"

WITNESS: "They were all negroes"

CHAIRMAN: " Did you make any report of this?"

WITNESS: " I complained to my Superintendent and Assistant Superintendent that if I do not come to work they must not think that I am not working any more, because of the disturbances of the area I could

be killed"

CHAIRMAN: " Do you think you would have been killed?"

WITNESS: " Yes"

CHAIRMAN: " Wh~~o~~^o you reported to?"

WITNESS: " One Mr. ~~Howard~~^{Hubbard}, and I told him that there would be a massacre at Wismar"

CHAIRMAN: " He called in Mr. Flynn?"

WITNESS: " Mr. Flynn also asked me the same thing. I told him I wouldn't go home, but I would sleep in the Power house, because my life was threatened, and I slept in his office. But before that I went back to my job, and the three of us went back to the office"

CHAIRMAN: " ~~About what time?~~ ^{How long were you there for.}

WITNESS: " ~~About two weeks before~~

CHAIRMAN: " One month. Normally my leave was up, but as I was not feeling well, I asked for one month's sick leave"

CHAIRMAN: " Where were you on the 25th?"

WITNESS: " I was up at Nabaclis, E. C. Demerara.

CHAIRMAN: " ~~What time?~~ ^{What did you go there}

WITNESS: " About two weeks before"

CHAIRMAN: " You had a house at Wismar?"

WITNESS: " I was stopping at Mr. Jairam ^{the dispenser}

CHAIRMAN: " Did you loose anything?"
