

Guyana Go Forward.

By Ivo Cendrecourt.

P Prostitute Guyana, Who? Not you,
R But by those who,
R Riot, loot, Burn and slander,
E Sure they do.
E Everything about your Party's point of view,
S Assailed by those, who could no better do.
S Succeeding against the great onslaught,
I By people void of Human thought.
I In High Courts, cases, try they do,
D To support arguments found not true.
D Deserved, Joy comes to those who wait,
E Defeating the wicked who agitate.
E Enduring all, this must last,
N Suported by our Democratic past.
N Nation's business must go on,
T Join those elected, and their reform.
T To build our Nation, we must see,
United, all races, this should be.

J Joyful, Our President, we now salute,
A Lead Her Dear Lord, to practice truth.
A Aging Lady, you may be,
N Giant:strong, savy politically.
N Now on your shoulders, the mantle lies,
E Be careful, look for those prying eyes.
E Every move you make, everything you do,
T Success be yours, this we pray for you.
T Take our Nation to soaring heights,
Make Guyana's future ever bright.

J Just as Cheddi did before,
A Fight for Guyana to be restored.
A Africans, Indians, and other races too,
G Raise your voices loud, this cry would do.
G Guyana's Children, all are we,
A Proclaim this, and vehemently.
A All must pray, that we would see,
N Guyana united, harmoniously.
N No Hireling she,
No Prostitute to praise.
